Praise the lord Jesus

Re a word of thanks

The heading above is concerned

On behalf of Mamba day secondary school community, I would like to thank you in person for the support you gave to our school, the money for buying photocopy machine canon IR 2520

Mr. Eden Koka coordinator for partnership committee member Mrienyi & Mseroe parishes told us so.

The photocopier will enable us to prepare more exercises and examinations to asses our students so that they can get experience of examinations and do well in their national examinations

Also the photocopier will save time and minimizes cost of running examinations.

The money which we will save from this will be used for other academic tasks

Thank you and God bless you

HEAD MASTER

YOHANA DAGHARO
